

SATJA CHAISEANPHA

Full Stack Developer / CV

knownaddress90@gmail.com · 083-501-4158 · github.com/aminadmin16
Nong Bua Lamphu, Thailand

SKILLS

Languages

C# · TypeScript · JavaScript · Java · SQL · HTML / CSS / SCSS

Frontend

Angular · React · Next.js · DevExtreme · SyncFusion · Bootstrap

Backend

.NET (C#) · RESTful API · Node.js · Spring Boot (Java) · Entity Framework

Data & BI

Tableau · SQL Server / MSSQL · Stored Procedure · Data Modeling

AI Tools

Claude · ChatGPT · Gemini · Kimi

Tools & Platform

Git & GitHub · Postman · Visual Studio / VS Code · Android Studio · Vercel · Figma

Network & Hardware

LAN / Cat6 Cabling · Router & Switch Config · Wi-Fi / Access Point · CCTV (IP / Analog) · Arduino (IoT)

EDUCATION

Udon Thani Rajabhat University

Bachelor of Science — Computer Science

2017–2021

GPA: 3.14 / 4.00

Relevant: Data Structures, OOP, Database Systems, Web Development, Networking

CREDENTIALS

NSC 2020 — Smart Elder

NSTDA · 6 March 2020

Advanced Installation Cabling System — Course 2

INTERLINK · 26 April 2016

Original certificates and course details follow.

HIGHLIGHTS

Full Stack Developer · .NET + Angular · Next.js / React · Tableau BI · AI-Assisted Dev · Network & CCTV · 4+ Years Exp.

PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience in enterprise software and freelance projects. I turn business requirements into working web applications, APIs and dashboards using .NET, Angular, React / Next.js and Tableau. I enjoy finding the cause of a problem and taking a solution through to delivery. I also build Android apps with Java, install network and CCTV systems, and use AI tools while checking the business logic myself.

WORK EXPERIENCE

Sep 2023 – Present

Freelance & Technical Consultant

Self-employed · Remote

- Build enterprise interfaces with Angular / DevExtreme and public-facing websites with React / Next.js, with attention to speed and search visibility.
- Design RESTful APIs with .NET and Node.js, connect SQL/NoSQL databases, and keep the code organised for maintenance.
- Work with clients to clarify requirements, choose an approach and deliver the project, taking responsibility from system design to handover.

Mar 2026 – Present

Network & CCTV Installation — Independent Technician

Part-time · Weekends & spare time · Nong Bua Lamphu / Udon Thani

- Survey sites, measure cable routes and prepare equipment lists with 2–3 budget options, explaining cost, coverage and equipment lifespan before purchase.
- Install Cat5e/Cat6 cabling, RJ-45, switches and access points. Configure WAN/PPPoE, subnets, DHCP, Wi-Fi security, port forwarding and channels to reduce interference.
- Install IP/analog CCTV, plan camera coverage, wire power/PoE, configure NVR/DVR storage and retention, motion recording and remote mobile viewing.

Jul 2022 – Jul 2026

Multita Co.,Ltd. — Software Developer

Full-time · Remote (Udon Thani / Khon Kaen)

- Built enterprise web applications with Angular, SyncFusion / DevExtreme and .NET RESTful APIs for healthcare, insurance and retail workflows.
- Prepared data pipelines and Tableau dashboards for Cash Conversion Cost analysis, helping finance teams follow cash flow in near-real-time.
- Developed and maintained Android sales and motor-insurance applications using Java in Android Studio.

Notable Projects:

- Sikarin Hospital — HIS: Built patient-data management modules with Angular and .NET.
- IRPC — BI reporting: Built Tableau reports to help executives understand operational data and support decisions.
- TQM & Viriyah — Motor insurance: Developed frontend interfaces for car-insurance workflows.
- PUMPUI — Android: Developed the application with Java in Android Studio.

Nov 2021 – Feb 2022

CHAREON TUT Co.,Ltd. — Full Stack Developer (Intern)

Internship · Pathum Thani

- Implemented Angular interfaces with TypeScript, HTML and SCSS, following the design and checking layout details.
- Built Java / Spring Boot backend modules using MVC to separate business logic from data access.
- Took part in requirements analysis, implementation, testing and delivery within the development team.
